PROJECTS

Movie Catalog Application

- Built a Spring Boot REST API to manage movie data and exposed it to a simple HTML/CSS/JS frontend.
- Developed this project to practice Spring Boot and understand backend–frontend integration, and deployed it for full-stack testing.

College Conference Website

- Developed a responsive conference website using React (with Vite) and styled it with Tailwind CSS and Bootstrap for a clean and modern UI.
- Implemented pages for committee details, schedule and registration, focusing on mobile-friendly layout and smooth user experience.

Achievements

- Secured 8.9 CGPA in B.Tech (up to 3rd year) – consistently maintaining academic excellence.
- 1st Prize Winner in Project Expo – recognized among all participants for the most innovative and challenging project.
